TALKING OF BIG STRIKE

Strike Vote Is Being Taken on Western Railroads

Chicago, Dec. 3.—Representatives of approximately 55,000 conductors and trainmen employed on the sixty railroads west of Chicago, who have demanded an increase in wages averaging about 15 per cent, are holding daily conferences here with the general managers in presenting their arguments for the advance in pay and improvements in working conditions.

It is estimated that the new scales asked by the men will exceed in amount those asked by the engineers recently, which aggregated nearly \$5,000,000.

The employees are represented by 85 grand chairmen of the organization on different roads, two from each road in the case of the larger systems, and by A. B. Garretson, president of the Railroad Conductors, and W. G. Lee, grand master of the Brotherhood of Railway Trainmen.

Returns of the strike vote being taken on the western roads by the Brotherhood of Locomotive Engineers since the breaking off of negotiations with the managers several weeks ago, are being sent from the various roads to the headquarters of the organization in Cleveland and will be assembled and counted in a meeting in Chicago on December 10.

It is reported that the engineers of several of the big western railroads have already completed their votes, showing 99 per cent in favor of a strike unless their demands for a fifteen per cent advance are granted. The railroads offered an advance of about 9 per cent.

WORLD'S MARKETS

MARKET MUCH STRONGER THAN ON FRIDAY.

New York, Dec. 3.—Wall Street: Slight change either way was shown in the opening of the stock market today, the extreme fluctuations being a loss of 5 1/2 in Union Pacific and an advance of about as much in American Smelting, which was, however, not maintained.

A downward drift set in which cost Union Pacific and Lehigh Valley a point before the bulls got under the market. The rally in prices lifted them to yesterday's closing, after which the speculation became dull and listless. St. Louis and Southwestern preferred lost 2 and Lake Erie and Western preferred 2 1/4.

The market closed firm. After a long interval of dullness and hesitation the market began to run off sharply. In the last few minutes there was a strong rebound, which ran to nearly a point in many of the representative stocks.

Rioting followed, and the Shanghai volunteer corps was called out to protect foreigners and property.

HER CLOTHES TOOK FIRE

Girl, Returning From a Ball, Is Fatally Burned

New York, Dec. 3.—Returning from a ball early this morning, Miss Margaret Copeland, a young woman of 19 years, decided to heat a cupful of water for a cup of tea, before retiring. As she took the water from the gas flame, the sleeve of her flimsy gown blazed up and in a moment she was aflame from head to foot. In response to her cries, members of the family came and smothered the flames with rugs and blankets.

George Kawahata, the confessed slayer of Kanzo Okano, was arraigned charged with murder in the first degree. He will be held for his preliminary hearing without bail. The complaint against the Japanese was filed by County Attorney David Jensen and charges him with having murdered his countryman on the Twenty-fourth street boarding house where the body of Okano was found. The time of the preliminary hearing has not been set. The prisoner, who has been confined in the city prison, was ordered by the court to be removed to the county jail to await his hearing.

NOTES OF THE WEBER ACADEMY

Judge Geo. D. Alden, the third member of the academy lecture course, will appear next Monday evening. He is recommended as an orator of great ability and an earnest teacher of reform. Last Thursday, in general assembly, President James Waters of the North Weber stake addressed the school. He made a very inspiring talk, his special theme being a plea for cleanliness in person and character.

The Weber Academy band is doing good work. Professor Nichols says that they can play at the lecture next Monday evening. The professor's little boy, Ernest Lorenz Nichols, aged five, will render a cornet solo.

HANDSOME REVENUE FROM MARRIAGE LICENSES.

New York, Dec. 3.—The charge of \$1 for each marriage license issued by the city of New York brings a handsome annual revenue to the city. The total number of licenses issued during the year ending November 30,

is nearly 34,000, while the expense of operating the bureau and its branches is less than \$12,000 a year.

OBJECTION TO JAPEN WIDENING RAILROAD GAUGE.

Victoria, B. C., Dec. 3.—Strong objection is being made by Japanese newspapers to the government's plan to widen the gauge of Japanese railroads. The work, which will require sixteen years, will cost \$65,000,000. Including Korean and Manchurian tracks, the total cost will be \$125,000,000. For railroad work, flood prevention and other public works, a domestic loan of \$35,000,000 at four per cent is proposed. The Jiji Shimpo, opposing the railway program, says it illustrates how the military authorities dominate the government.

THIRD TRIAL IN VANCE CASE

For the third time the district court is considering the controversy between the Oliver-Sawcroft Lumber company and Mrs. Mary Flinders Vance. The case has been tried twice before in this court, and twice has the supreme court reversed the decision, remanding the case back for another trial. According to the pleadings in the case, on Nov. 10, 1904, Mrs. Vance contracted with Irving Peterson to erect a dwelling on certain real estate belonging to her, the plaintiff company furnishing the material for the structure and securing a lien on the building for their pay. Peterson failed to make a settlement on the account and the plaintiff company commenced foreclosure proceedings. The judgment asked for is \$375.03, costs of the suit and \$25 attorney fees.

In the first trial judgment was rendered for the plaintiff and the foreclosure granted, the defendant appealing from the decision, and the supreme court reversing Judge Howell. In the next instance Judge Howell dismissed the lien and the plaintiff appealed, the supreme court again reversing the decision of the trial judge. Evidence in the case is being given today.

SUFFERING GIRL ALLOWED TO LAND

New York, Dec. 3.—The happiest immigrant on Ellis Island today is Rose Muller, 15 years old, who arrived on the steamship Carpatia a week ago. She travelled more than 4,000 miles on a bed, suffering from rheumatism. She cannot walk.

The girl came here with her mother and three small brothers. She was promptly excluded by the Ellis Island authorities, but her father, who lives in Chicago, hurried here and pleaded against deportation. Finally, after he had deposited a bond of \$1,000 as a guarantee that she would not become a public charge, the inspectors relented and announced that she would be released as soon as the papers in the case were approved, a process which has taken several days.

DEFEATED BY THE DEAF TEAM

The basketball team from the School for the Deaf returned from the game at Brigham City last night, with another victory to their credit. The game was hard fought all the way through and was exciting at every stage.

Burt, the star center for the Boxelder boys, received an injury to his ankle in the second half that put him out of the game. The first half ended with the score 11 to 10 in favor of Brigham, but the deaf boys came back strong and landed on top with a score of 25 to 20. The line-up follows:

U. S. D.—Brigham—Farley.....C., Burt, Tingey Wenger.....R.F., Tingey, Wright Savage.....L.G., Taylor White.....R.G., Christensen Keeley.....L.G., Hatch Summary—Field goals, Burt, 4; Tingey, 1; Wenger, 4; Savage, 2; White, 1; Keeley, 1. LEHMANN AND ROOT

Are Honored by President Tait With High Appointments

Washington, Dec. 3.—Announcement was made at the White house today of the appointment of Frederick W. Lehmann of St. Louis to be solicitor general of the United States, to fill the vacancy caused by the death of Lloyd W. Bowers. Mr. Lehmann was born in Prussia in 1852. He was graduated from Tabor college, Iowa, in 1872, and was admitted to the bar that year. For the last 20 years Mr. Lehmann has practiced law in St. Louis. He is president of the American Bar association. Senator Elihu Root of New York was today appointed permanent arbitrator, representing America, at the Hague tribunal, succeeding the late Chief Justice Fuller of the supreme court, who held that honor. The appointment was announced at the White house by President Tait.

GAMBLER IS HEAVILY FINED

Charged with assaulting Link Lush on the night of December 1, W. H. Hill, a gambler, was arraigned in police court this morning and fined \$60 or sixty days.

Hill pleaded not guilty to the charge against him and produced two witnesses to tell the story of the trouble, which occurred in front of the Turf saloon, on Twenty-sixth street. While those witnesses swore that Lush was drunk at the time he was assaulted and had drawn a knife with which he struck at Hill, their testimony proved that the assault was largely provoked by the defendant. The witnesses also testified that Hill, after he had felled his victim to the sidewalk with his fist, kicked him in the face and body. Hill is considerably larger than Lush and this fact may have been taken into account by the judge in inflicting the penalty. While Lush admitted that he was very drunk at the time of the assault and could not tell just how it occurred, his face was a mute witness to the viciousness of the attack. Both the complainant's eyes were blackened and his face and head severely cut and bruised.

Boston, Dec. 3.—Francis H. Burr, former captain of Harvard football team, is critically ill with typhoid fever.

CHICAGO POLICE ARE KICKED OUT

Chicago, Dec. 3.—Drastic action was taken yesterday by Chief of Police Steward against thirty-seven patrolmen, one lieutenant and one sergeant,

whose resignations were asked for some time ago. An order was issued by the chief suspending thirty-seven men, the same to take effect at once. All the men have been on the force more than twenty years and are entitled to a pension. Several of them are crowding the sixty-year mark.

Among them are Haymarket riot leaders and other veterans of many battles, rich in reminiscences. The order of suspension was issued as a result of the failure of some of the men to take a physical examination, and the failure of those who did take it to pass satisfactorily.

This action of Chief Steward has been expected for some time. Anticipating an order of suspension, several patrolmen resigned within the last month. Among them was Patrolman Anton Klingner, who retired to look after his real estate holdings, valued at \$300,000.

INSURGENTS NOT WEAK

They Are in Control of
Many Towns in North-
ern Mexico

El Paso, Texas, Dec. 3.—J. E. Farrington of Battle Creek, Michigan, and Dora Benson of Detroit, arriving here this morning from Madera and Temascal, in Chihuahua, declare that every town in that region is in insurgent hands, with the exception of Temascal, and that insurgents were marching on that town. They say that their train was inspected several times en route to Chihuahua from Madera by rebels and that nobody was molested. The rebels said they were looking for Mexican soldiers only. Confirmation is heard of the report that the Mexican government is attempting to get the rebels to surrender without fighting, and that Mexican officers are being sent out to talk with them, tendering the revolutionists' official standing.

BATTLE CONFIRMED.

Chihuahua, Mex., Dec. 2 (via El Paso, Dec. 3).—Reports of the battle of Padernales, Tuesday, are confirmed. Some of the Mexican regulars taken prisoner went over to the rebels. The Mexican soldiers in the fight were those who left the train at San Andres, on Sat. 22, when the train was attacked. They had been living in the country and hunger drove them to Padernales, where the fight occurred.

The revolutionists are not all peons, but many ranchers are in the number and it is thought that the revolutionary commandant at San Andres was Francisco Valdez y Vasquez, an assayer of Chihuahua.

PEACE COMMISSION DEPARTS.

Chihuahua, Mex., Dec. 2 (via El Paso, Dec. 3).—A special train bearing a peace commission of four members, appointed by President Diaz, left here tonight with a flag of truce flying from the engine. The commissioners go to discuss with the revolutionary leaders ways and means of bringing the present disturbances to an end. The letter from the President was received today naming the following as commissioners: Judge Jos. M. Dandera, Dr. Garcia Cardenas and Senor Amador and Santiago Gonzales. All are prominent citizens of this city. The news of the appointment of a commission caused considerable surprise as it is said to be the first time in thirty years that the government has thus treated with insurgents.

The commissioners, among other things, will endeavor to ascertain just what grievances afflict the revolutionists. Terms of peace will be discussed and report made to the national capital. The insurgents will be given to understand that if they persist in bearing arms against the government, they will be given a lesson which will leave the state of Chihuahua in peace for many years.

The departure of the commission had no effect on the military preparations. While waiting for reinforcements, the local troops have been thoroughly inspected and the work of gathering supplies for a campaign proceeds daily. Water must be carried over much of the route. Scouts are in the hills daily. Occasionally they catch sight of small scouting parties of the enemy, but there has been no fighting since Tuesday at Padernales.

Forty of the government troops who were in that fight and who escaped are reported as entering the city by a circuitous route to avoid the insurgents.

Two troops of the government forces from Sonora, marching in the direction of Guerrero, which is now held by sixty-five regulars, were reported at Ballepas today. They still have about ten days marching ahead of them, providing they do not encounter the revolutionists before reaching their destination. Heavy patrols are marching through the streets here. It is largely a precaution against an uprising of revolutionary sympathizers within the city. There is no doubt that the insurgents now in the mountains succeed in gaining the city they would find many ready to join them.

INCREASE IS HEAVY

Idaho, Colorado and Other Western States Make Big Gains

Washington, Dec. 3.—Population statistics of the thirteenth census were issued today for the following states: Colorado, 799,024, an increase of 259,324, or 48.0 per cent over 639,700 in 1900, when the increase of 1890 was 127,502, or 30.9 per cent. Idaho, 325,594, an increase of 163,822, or 101.3 per cent over 1900, when the increase over 1890 was 77,385, or 91.6 per cent. Nevada, 81,875, an increase of 39,540, or 34.4 per cent over 42,335 in 1900, when the population showed a decrease of 3,426 per cent from that of 1890. Oregon, 672,765, an increase of 259,239, or 62.7 per cent over 413,526 in 1900, when the increase over 1890 was 99,769, over 31.8 per cent.

ECHO OF GOEBEL ASSASSINATION

Lexington, Ky., Dec. 3.—Another man who was convicted in connection with the assassination of Governor William Goebel will seek "vindication" at the polls. James Howard today announced his candidacy for state senator on the Republican ticket in the Seventeenth Kentucky senatorial district. Like Caleb Powers, who was elected to congress from the Eleventh district at the recent election, Howard was pardoned for his alleged connection with the assassination of Governor Goebel in 1890. Henry E. Yountsey, who is the only man now in the penitentiary serving a life sentence for complicity in the Goebel murder, swore he aimed the gun for Howard, and that the latter fired the shot that killed the governor.

CHARACTER OF COUNT TOLSTOI

It is generally admitted by the press of all nations that, in the death of Tolstoi, the world has lost one of its most commanding, interesting and talented men. His character, his literary ability and his deep religious and economic convictions have combined to make him a leading personage of the past century. "The Religion of Leo Tolstoi, Its Source, Development and Power," will be the theme of the Sunday evening sermon of the First Presbyterian church. The religion of Leo Tolstoi has been a much discussed topic among religious thinkers ever since Count Tolstoi gave his spiritual views to the world. As can now be expected it is now being freely argued pro and con in the leading religious publications and by pulpits of all creeds. Much of the force of the count's views is due to the startling origin and peculiar environment of his spiritual life. Rev. Carver has lectured before the Salt Lake Literary club and the Ogden clubs upon the life and work of Tolstoi, so the Sunday evening sermon will be an appreciative ode.

Va., Dec. 3.—Early today the coroner's jury concluded the inquiry which lasted through last night, into the death of Mrs. Elizabeth Allen and the verdict was that she had been murdered by some unknown person in her home. It developed today that Mrs. Allen had an annual income of \$10,000 and that she seldom kept less than \$5,000 at her home, while the amount was of ten as high as \$30,000.
